Because of his refusal to eat, the frantic mother had taken her little boy to the great psychiatrist, who coaxed the boy with every conceivable goody in vain. Finally he said, "What WOULD you like to eat?"

"Worms," was the calm reply.

Not to be outdone, the medico sent his nurse out for a plate of the wrigglers. "Here," he barked at the boy.

"I want them fried," came the answer.

The nurse did and returned with the plate. "I want only one," said the food hater.

The doctor got rid of all but one. "Now," he exploded, "EAT!"

The boy protested, "You eat half." The Doc did, then he dangled the remaining half in the little fellow's face. The boy burst into loud tears.

"Now what's the matter?" yelled the infuriated medic.

"You ate my half," the little boy wailed.
